Schedule of Fees

Once again for the 2021/2022 season, in addition to the regular house league and all-star hockey programs, SJMHA will be offering additional programming to help develop all of our hockey players. Once again these programs will be offered by our Technical Director Wally Bray and his staff. The additional programming includes:

- Pre-Season hockey camps
- In-season weekly power skating sessions
- Goalie sessions (subject to interest)

Players interested in availing of these additional programs may do so by completing the appropriate line in the calculation of fees below. Further details are provided on the attached documents. Players will be accepted for the additional program offerings in the order in which their registration is received until all spots are filled. After all spots are filled players will be placed on a waiting list. These optional programs will only be offered if there is sufficient interest.

Select your programs by checking the box to the left and filling in the appropriate fee on the right.
