These new programs will be offered by our fulltime Technical Director Wally Bray and his staff. The additional programming includes:

- Pre-Season hockey camps
- In-season weekly power skating sessions
- Goalie sessions (subject to interest)

Players interested in availing of these additional programs may do so by completing the appropriate line in the calculation of fees below. Further details are provided on the attached documents. Players will be accepted for the additional program offerings in the order in which their registration is received until all spots are filled. After all spots are filled players will be placed on a waiting list.
